

To the men and women of the Philadelphia Vietnam Veterans Memorial Society,

I would like to take the opportunity to thank all the generous people of your organization. It makes us proud to serve the people of the United States when we have the backing of groups like yours. It is our duty to remember so we shall never forget the great sacrifices of the soldiers that have come before us and we will continue in their great tradition of being an American soldier. Again thank you for the supplies.

v/r
